

MARITIME INDUSTRY AUTHORITY

NOTICE TO THE PUBLIC

Re: MLC / OIC Updating Training Courses

After the conduct of an in-depth review by MARINA STCW Office and maritime industry experts, it has been concluded that any revision of Management Level Courses and OIC Updating Courses will have significant impact on our international commitments (e.g. STCW Convention and Code, EMSA Audit and IMO Independent Audit) as well as to the institutional relation of MARINA STCW Office with other government agencies such as the Commission on Higher Education (CHED), as mandated by R.A 10635 and its Implementing Rules and Regulations.

MARINA STCW Office therefore is taking a stance **NOT** to effect any revision to the existing MLC and OIC Updating Courses at this time in respect of the commitments mentioned.

For information and guidance.

CAPT. ELEAZAR G. DIAZ
Executive Director
MARINA, STCW Office
